

We're incredibly proud to celebrate the achievements of one of our apprentices, Blake Munro.

At BG Flooring (NE) Ltd, investing in our people and developing future talent is at the heart of everything we do. Blake has demonstrated exactly what our apprenticeship programme is all about — dedication, growth, and a commitment to excellence.

His hard work has been recognised with this well-earned Level-2 Distinction and certificate, and we couldn't be more pleased to see him reach this important milestone. Blake is a valued member of our team, and we're excited to continue supporting him as he progresses in his career with us.

A huge thank you to @derwentsidecoll , Michael Bell and Nadine Ellis BA (Hons) for their continued support, guidance, and commitment to developing young talent. Partnerships like these are key to building a skilled and successful workforce for the future.

Congratulations again, Blake – a fantastic achievement and very well deserved, keep up the hard work!
